## IMPAIRED DRIVING COALITION

[Home](#) [About](#) [Impaired Driving Strategic Plan](#) [Strategic Highway Safety Plan](#) [Safety Resources](#) [Materials](#)

## Welcome!

The Florida Impaired Driving Coalition (FIDC) was formed to identify and prioritize the State's most pressing impaired driving issues, review proven strategies that can effectively impact these issues, develop and oversee a strategic plan that will guide implementation of programs, policy, and funding strategies to maximize the State's ability to reduce impaired driving crashes, fatalities, and injuries.

### Recent News

The FIDC met on December 8-9, 2016 in Tallahassee, Florida. The FIDC reviewed action items that were identified at the previous meeting and provided updates on the progress made since the group last met. The meeting included a membership review, reports on legislation changes that potentially affect impaired driving, a review of the Impaired Driving Strategic Plan, and a review of the FIDC Charter. More information can be found in the [FIDC December Meeting Summary](#).

### Upcoming Events

The FIDC will meet in Orlando on March 30-31, 2017. [need to follow up on location details and call in information]

# ***FIDC Member Survey***

# ***FIDC Member Survey***

---

**Excluding policy and legislative issues, what do you believe are the most serious issues related to impaired driving in Florida?**

- Florida's high rate of refusals
- Expected increase in drug-related impairment, especially marijuana and prescription drugs
- Need for more DREs/more DRE Training
- Establishments overserving alcohol

# ***FIDC Member Survey***

---

**What specific impaired driving programs and initiatives do you believe the FIDC and its partners should focus on over the next 2-3 years?**

- More education and training (DRE, SFST, Judicial)
- Education programs on the dangers of substance abuse
  - » Outreach training on the effects of driving drug impaired
  - » Outreach training on the effects of buzzed driving
- Ignition Interlock Devices
- DUI Diversion Programs

# ***FIDC Member Survey***

---

**In your opinion, who are the specific target audiences for programs and initiatives (identified in the previous question)?**

- Young Adults and College Students
- 1<sup>st</sup> Time and Repeat Offenders
- Drivers registered to use medical marijuana
- New Prosecutors
- Judicial
- Impaired Driving Law Enforcement Officers
- Service Industry

# ***FIDC Member Survey***

---

**Excluding policy and legislative actions, what specific actions do you believe the FIDC should focus on over the next 2-3 years?**

- Impact of Medical Marijuana
- DUI Diversion Programs
- Provide real impairment scenarios/situations to high schools and colleges
- More Training of ASAs in DUI enforcement
- Increase the number and usage of DREs in the state
- De-incentivize chemical test refusals

# ***FIDC Member Survey***

---

**Please provide any additional comments you may have.**

- Increasing the number of DREs and their usage will help develop a fear of conviction for drug-impaired driving and will deter many violations.
- Distracted driving should also be a focus since it is pertinent to traffic safety.

# ***Travel Forms***

***See You Tomorrow!***  
***Meeting Starts at 9:00***

# ***Review of Day 1***

# ***Impaired Driving Strategic Plan***

***BREAK***

# ***Strategic Plan Implementation***

# *Strategic Plan Implementation*

---

- Best practices for items identified in the survey

# *Strategic Plan Implementation*

---

FIDC action items for this coming year – what will you accomplish?

1.

2.

3.

4.

5.

# *Strategic Plan Implementation*

---

How will you measure success?

- 

What data do you need to track progress?

-

# ***Strategic Plan Implementation***

---

Any suggestions for speakers/experts to aid you implementation efforts?

-

# ***Next Steps***

# *Next Steps*

---

- Expectations of FIDC members
- Next Meeting

**THANK YOU FOR YOUR PARTICIPATION**

**SAFE TRAVELS HOME**
